AVIATION SECURITY PROFESSIONAL MANAGEMENT COURSE

Key Benefits of the AVSEC PM[®] Training Programme

Attend the most advanced aviation security (AVSEC) training programme available and become an internationally recognized professional AVSEC manager. Required by some States for any AVSEC assignment or consulting service, this unique ICAO/John Molson School of Business (JMSB) course offers:

- **A unique Professional designation** tailored to the aviation security discipline.
- **Permanent membership in the AVSEC eProfessional Community Network.**
- **Full-spectrum AVSEC approach** based on worldwide AVSEC requirements and practices (70% of the course).
- **Advanced Management Training**
JMSB of Concordia University – AACSB accredited Business School (30% of the course).

An Innovative and Flexible Learning Environment

- **Distance eLearning** format with a teaching load equivalent to 5 weeks full-time.
- **Flexible** individual study time management combined with eClassroom advantages.
- The added value of **one-week face-to-face sessions** at beginning and end of programme.
- A flexible travelling **choice** with different face-to-face locations during the year.

AVSEC PM[®] Professional Designation

This course leads to a formal AVSEC Professional Manager (PM[®]) designation delivered jointly by ICAO and the John Molson School of Business at Concordia University.

In cooperation with:

AVSEC PM[©] and the AVSEC eProfessional Community (ePC) Network

AVSEC PM[©] is designed to provide the graduates with permanent access to the global AVSEC eProfessional Community (ePC) network through a web-based forum managed by ICAO and JMSB. The AVSEC ePC provides exclusive forums that contribute to the professionalization of the AVSEC discipline.

AVSEC PM[©] Tuition Fees: € 3 600 Euros
15% discount for early payments! (3 months in advance)

Course content:

- The global environment.
- Terrorism.
- Understanding Annex 17 and the ICAO Security Manual (Doc8973).
