Costa Rica	The Government of Costa Rica does not require tourists entering by air, land or sea to present a negative COVID-19 test, nor quarantine upon arrival.	https://www.visitcostarica.com/en/costa-rica/planning-your-trip/entry-requirements
Croatia	Passengers coming directly from the countries and/or regions of the European Union, i.e. countries and/or regions of the Schengen area and Schengen associated countries, regardless of their citizenship, will be allowed entry into the Republic of Croatia i	https://mup.gov.hr/uzg-covid/english/286212

Czech Republic	<p>As of December 27th, 2021, the rules for entry into the Czech Republic will be tightened for foreign nationals.</p> <p>Foreign nationals (who are entitled to enter) travelling to the Czech Republic will have to present a negative PCR test result before the travel. This obligation applies also to vaccinated persons and persons who recovered from COVID-19 in the last six months. It applies to travels from all countries regardless of the level of risk of the COVID-19 transmission. Persons who are not vaccinated or who did not recover from COVID-19 in the last six months, have to undergo a PCR test between 5th and 7th day after arrival.</p> <p>This requirement does not apply to persons vaccinated with the COVID booster shot, children under 12 and children in the age group 12-18 years who are fully vaccinated (booster shot not required). Other exceptions are specified in the protective measure.</p>	https://www.mvcr.cz/mvcren/article/as-of-december-27th-2021-the-rules-for-entry-into-the-czech-republic-will-be-tightened-for-foreign-nationals.aspx
Denmark	<p>If you are vaccinated or previously infected: There are no travel restrictions when entering Denmark.</p> <p>If you are not vaccinated or previously infected: There are no travel restrictions if you enter from EU or Schengen countries .</p> <p>If you enter from a country outside EU and Schengen, you must take a test at a test centre within 24 hours upon entry (self-tests are not valid for this purpose).</p>	https://en.coronasmitte.dk/travel-rules/covidtravelrules
Dominican Republic	<p>Most travelers (for example, from United States, Canada, Argentina, Mexico, Chile, Colombia, Panama, France, Germany, Italy, Russia, Puerto Rico, etc.) do not need to present a negative COVID-19 test upon arrival to enter the Dominican Republic.</p>	https://www.godominicanrepublic.com/newsroom/coronavirus/
Egypt	<p>1) All passengers travelling to Egypt (including Egyptians) must be in possession of negative PCR test certificate for COVID-19 with Quick Response (QR) code, taken at a maximum of 72 hours before their flight departure time.</p> <p>2) It is reported that the Government of Egypt will also allow travelers to enter with proof of a WHO-approved COVID-19 vaccination. The vaccination certificate must comply with the rules of the issuing country and contain a QR code. Note: most U.S. vaccination cards, including those issued by the Centers for Disease Control, do not include a QR code required by the Government of Egypt, and, as a result most U.S. vaccination cards are not accepted by Egyptian authorities.</p> <p>3) Except for the Janssen / Johnson & Johnson vaccine, two doses are always required. The Egyptian authorities do not recognize vaccination of a recovered person with just one vaccination dose.</p> <p>4) Passengers travelling from Japan, China, Thailand, North America, South America, Canada, London Heathrow, Paris, and Frankfurt will be allowed to provide the test certificate performed at a maximum of 96 hours prior to flight departure, due to the long travel and transit period from these airports.</p>	https://eg.usembassy.gov/u-s-citizen-services/covid-19-information/
El Salvador	<p>The General Directorate of Migration and Aliens informed the entire Salvadoran and foreign population that, as of November 17, 2021, El Salvador eliminates the sanitary requirements for entry into the national territory related to the presentation of negative PCR test results.</p>	https://www.mitur.gob.sv/el-salvador-flexibiliza-las-medidas-sanitarias-para-ingresar-al-pais/
Estonia	<p>If you are vaccinated against COVID-19 or have had the disease, you must be prepared to submit a respective certificate. In case you don't have a certificate, you must present or do a coronavirus test. The obligation of testing and isolation depends on the level of the risk in Estonia at the time of travelling and the country from which you arrive. All people with symptoms of the disease must self-isolate.</p>	https://kriis.ee/en/travelling-crossing-state-border/travelling-estonia/testing-covid-certificates-self-isolation
Finland	<p>There are no entry restrictions when arriving from these countries (EU and Schengen countries, green list countries and regions). Person may be granted entry into Finland from any country if they present:</p> <p>1) a certificate of a complete and valid vaccination series. Link to an external website, Opens in a new tab. At least 7 days must have passed since the last vaccine dose has been received OR</p> <p>2) a single certificate that the person has recovered from covid-19 virus and has gotten one dose of vaccine. It is equated to a complete covid-19 vaccination series. OR</p> <p>3) EU digital COVID certificate. Link to an external website, Opens in a new tab that proves the person has recovered from covid-19 within 6 months.</p> <p>4) All the above-mentioned requirements apply to persons born in 2006 or earlier.</p>	https://raja.fi/en/guidelines-for-border-traffic-during-pandemic#3externalborder

France	<p>Since February 12, 2022, vaccinated within the meaning of European regulations, no more tests is required on departure. Proof of a complete vaccination schedule becomes sufficient to arrive in France, regardless of the country of origin, as was the case before the distribution of the Omicron variant.</p> <p>2) For unvaccinated travellers, the obligation to present a negative test to travel to France remains, but the measures on arrival (test, isolation) are lifted when they come from countries on the "green" list, characterized by a moderate circulation of the virus.</p> <p>3) When unvaccinated travelers come from a country on the "orange" list, they must continue to present a compelling reason justifying the need for them to come to mainland France and may still be subject to a random test on arrival. Travelers who test positive will have to isolate themselves, in accordance with the recommendations of the Health Insurance.</p>	<p>1) For travelers</p> <p>https://www.interieur.gouv.fr/covid-19-international-travel</p>
Gabon	Travelers are not required to take a negative COVID-19 test (PCR and/or serology) result.	https://ga.usembassy.gov/u-s-citizen-services/coronavirus-update/
Gambia	Vaccinated travellers are not required to have a negative COVID-19 test result before arrival in the Gambia.	https://gm.usembassy.gov/u-s-citizen-services/covid-19-information/
Georgia	From March 1, 2022, citizens of all countries, traveling by air, land, or sea from any country may enter Georgia if they present the document confirming the full course of any COVID-19 vaccination OR present a negative PCR test taken within 72 hours (96 h)	https://raja.fi/en/guidelines-for-border-traffic-during-pandemic#3externalborder
Germany	People who are fully vaccinated against the coronavirus (SARS-CoV-2) with vaccines approved by the European Medicines Agency (EMA) (or equivalents of these vaccines used in non-EU countries) can enter Germany from non-EU countries (with the exception of China due to the lack of possibility of mutual entry). Such individuals can also enter Germany for the purpose of visits or tourism. Fully vaccinated individuals as defined above can apply for visas at a German mission abroad if required.	https://www.bmi.bund.de/SharedDocs/faqs/EN/topics/civil-protection/coronavirus/travel-restrictions-border-control/IV-restrictions-applying-to-air-and-sea-travel-outside-of-europe/what-rules-apply-for-

Uruguay	Travelers must have a negative COVID-19 RT-PCR or antigen test result. The test must be taken a maximum of 72 hours before departure.	https://www.gub.uy/ministerio-salud-publica/comunicacion/publicaciones/requisitos-para-ingreso-uruguay-personas-nacionales-extranjeras
Uzbekistan	A negative PCR COVID-19 test performed within 48 hours of arrival is required for entry to Uzbekistan. Travelers arriving at land borders may need to take a rapid screening test on arrival even if presenting a negative PCR test.	https://uz.usembassy.gov/covid-19-information/
Venezuela	A PCR test is currently required to enter Venezuela. The test must be taken less than 48 hours before arrival. This information might change, so we recommend all travelers consult the current guidance from Venezuela.	https://ve.usembassy.gov/covid-19-information/
Vietnam	The Government has agreed with the Ministry of Culture, Sports and Tourism's proposal to reopen tourism in new normal, starting from March 15. With the new tourism resumption plan, incoming tourists may only be required to have proof of vaccination or recovery from COVID-19 and negative test result certificate issued within 24 hours (rapid test) and 72 hours (RT-PCR) before departure./.	https://en.baohinhphu.vn/govt-decides-to-reopen-tourism-from-mid-may-111220216120243292.htm
Zambia	Travelers must have a negative COVID-19 PCR test result. The test must be taken a maximum of 72 hours before departure from the country of origin. Travelers must create a PanaBios account and generate a Trusted Travel Code. Travelers with results from non-trusted travel compliant laboratories will be required to upload test results to the Global Haven System for authentication.	https://www.zambiaimmigration.gov.zm/wp-content/uploads/2022/01/Travel-NOTE-VERBAL-No-6004-2021_1.pdf
Zimbabwe	All ports of entry have been opened. All persons entering Zimbabwe must have undergone a valid COVID-19 PCR Test not more than 48 hours from the time of their departure for Zimbabwe, and be fully vaccinated.	https://zimbabwetourism.net/covid19-guidelines-for-travellers/
