THE CNS/ATM HUMAN RESOURCE DEVELOPMENT AND TRAINING TASK FORCE

TERMS OF REFERENCE AND WORK PROGRAMME

1.   **Terms of Reference:**

   a)   Analyze the requirements and impact of the training human resource development for the implementation of the CNS/ATM Systems in the MID Region.

   b)   Propose procedures that may be used by MID Region States, aimed at the assessment of training and human resource development needs at a national level.

   c)   Take into consideration the studies and work carried out in this regard by ICAO TRAINAIR, the ICAO Human Resources Planning and Training Needs Study Group, and other organizations.

2.   **Work Programme:**

   a)   Compile and publish the various elements composing the CNS/ATM Systems.

   b)   Identify the necessary requirements of training and human resource development for the implementation of the new CNS/ATM Systems in the MID Region.

   c)   Identify the training resources currently available in the MID Region.

   d)   Identify the modifications of the field of expertise and personnel qualifications required for the implementation of the new CNS/ATM Systems.

   e)   Review the appropriateness of including training and/or human resource development planning information in the Regional Air Navigation Plans
