

DRONE ENABLE

Environmental impacts of UAS/UAM ecosystem

Ruby Sayyed, Head ATM Strategy

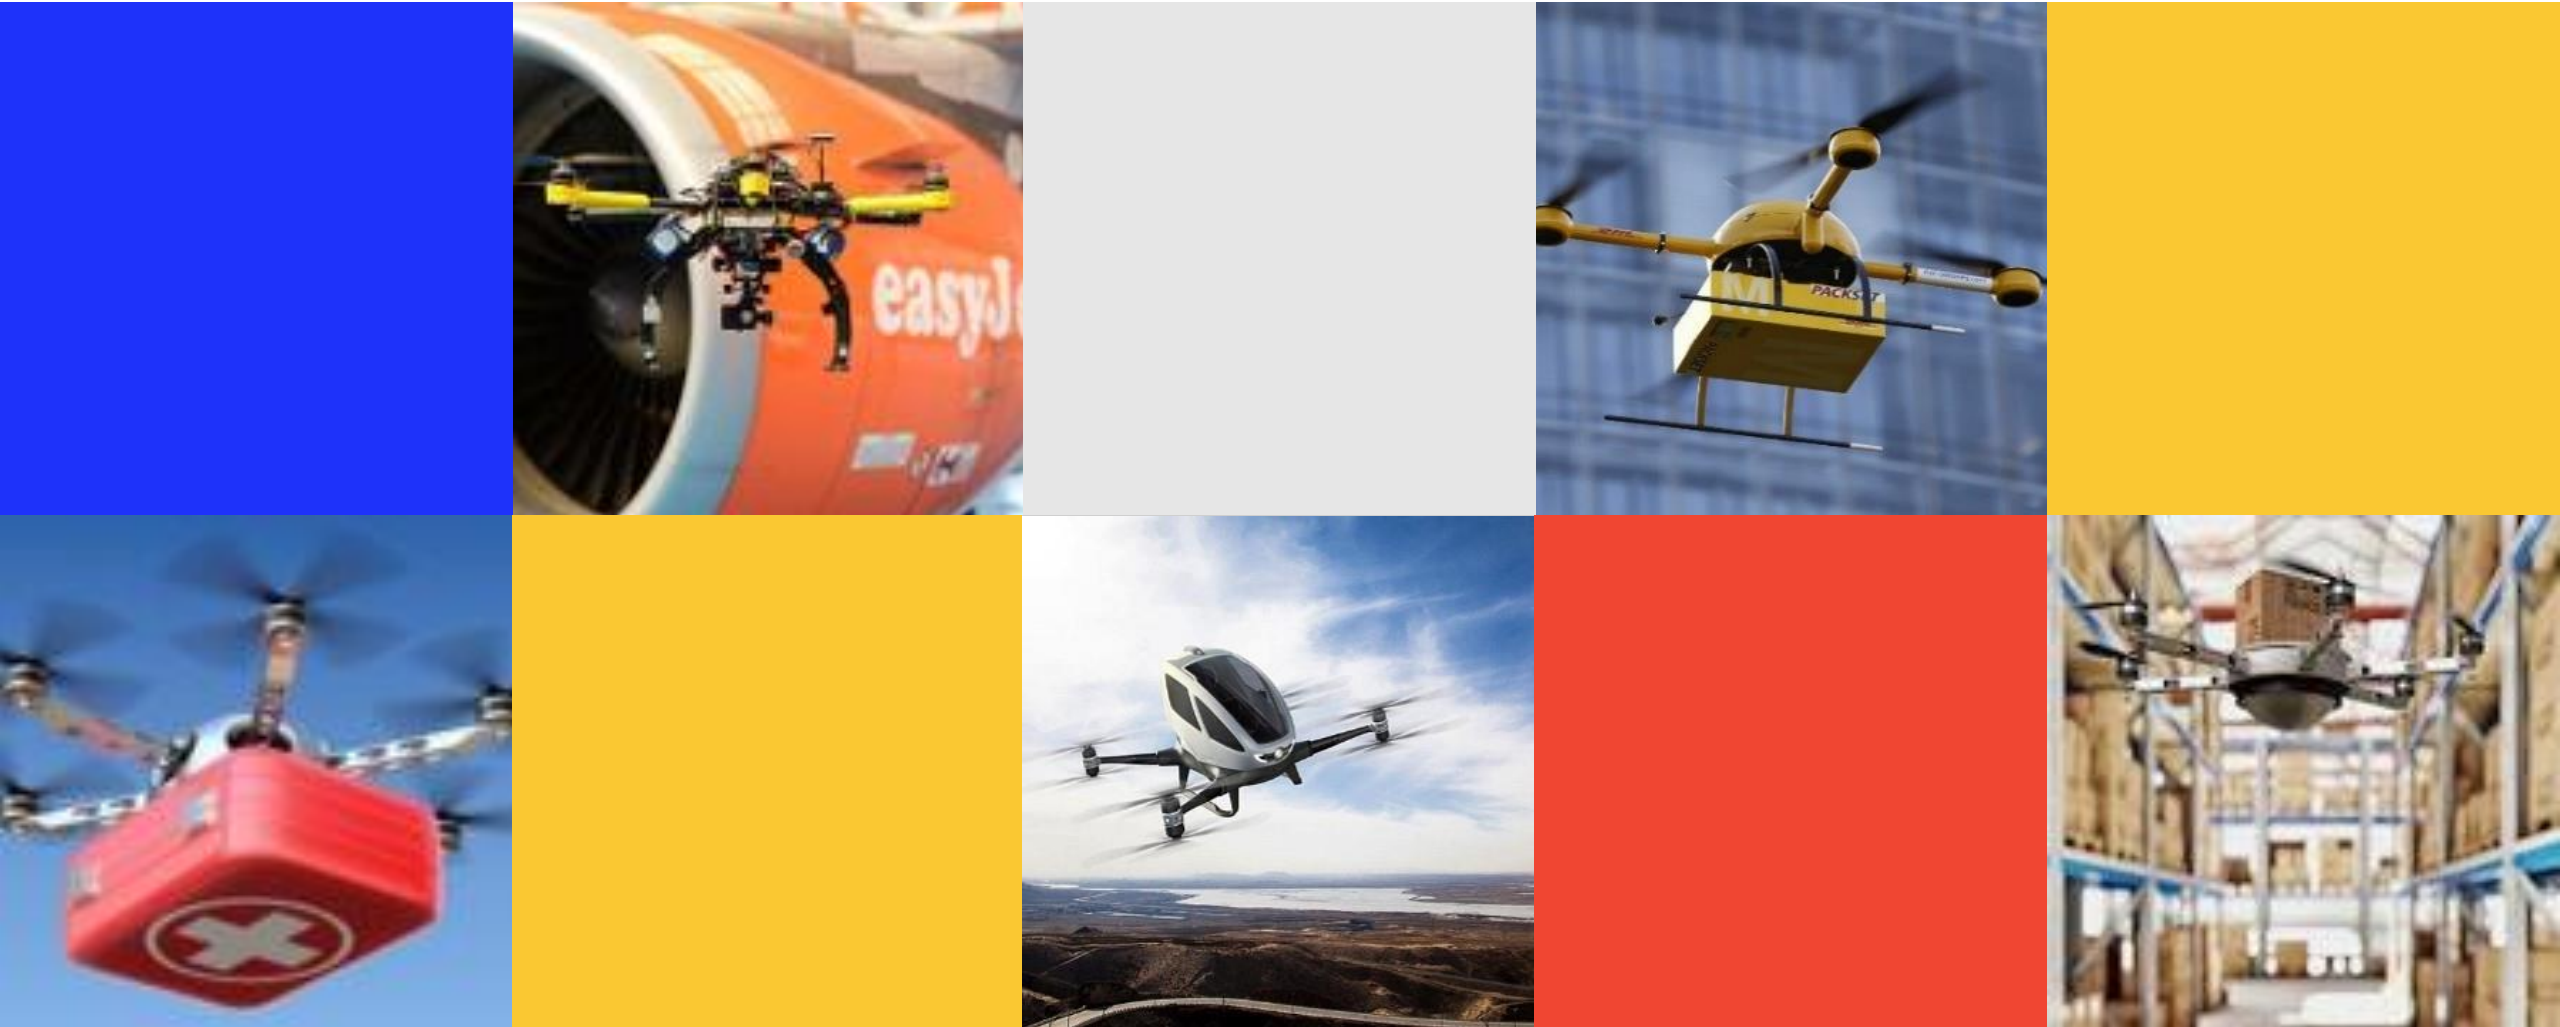

Airlines are exploring the use of single pilot, remotely piloted/unmanned aircraft, and manned eVTOL for the **air transport of goods and people.**

COVID-19 pandemic **fast-tracked** certain use cases.

We will be sharing **airspace** and **airport** infrastructure.

Expanding use.....

Opportunities

Challenges

What is needed?

Thank you!
