

DRONE ENABLE

5 — 7 DECEMBER 2023

ICAO Headquarters, Montréal, Canada

ICAO

Addressing Unauthorized Unmanned Aircraft (UA) operations Workshop

Summary of conclusions

Billy Shallow

Senior Director – Security, Innovation and
Technology

ACI World

Summary of conclusions

Roles and responsibilities

- Identify stakeholders, determine and assign clear responsibility
- One focal point per entity
- Collaborative decision making

Process and procedures

- Robust process is paramount (response planning)
- Take into account all aspects (technology, human)
- Test your procedures, train, but expect the unexpected

Conduct a dynamic risk assessment

Technology

Getting back to normal operations is equally important as managing the occurrence

Thank You!
