UTM: regulator perspectives

Paul Hibberd
Civil Aviation Safety Authority of Australia

What we want UTM to look like

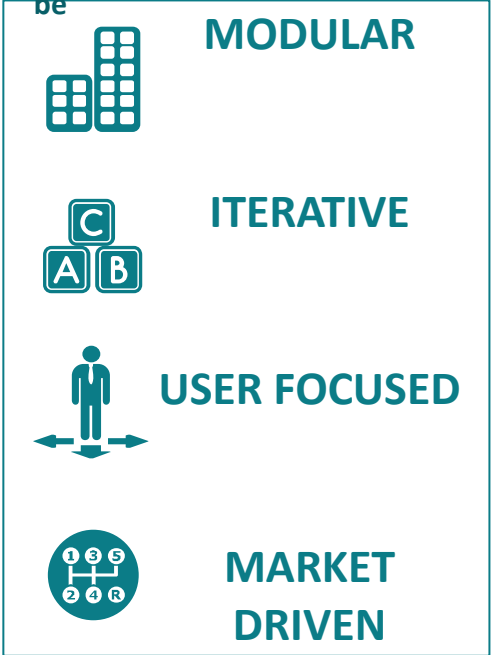

It will be

Foundational
outcomes

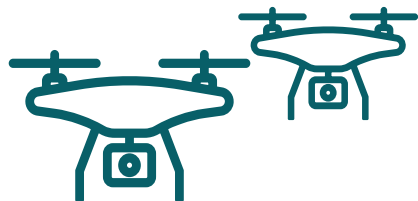

Our approach to building it will be

Focus areas

Australia has been working with industry to identify focus areas for UTM.

SEPARATION AND AIRSPACE INTEGRATION

Mitigating the risk of mid-air collisions

BETTER REGULATION

FIT-FOR-PURPOSE REGULATORY APPROVALS

IMPROVED COMPLIANCE, ENFORCEMENT AND SECURITY

Regulatory perspectives

- Harmonisation considerations
- Managing industry expectations - consultation
- Assessing risk and developing policy in the face of uncertainties
- Integration with non-safety regulatory policies

Thanks
