

Interaction between SSP and SMS – Georgian perspective

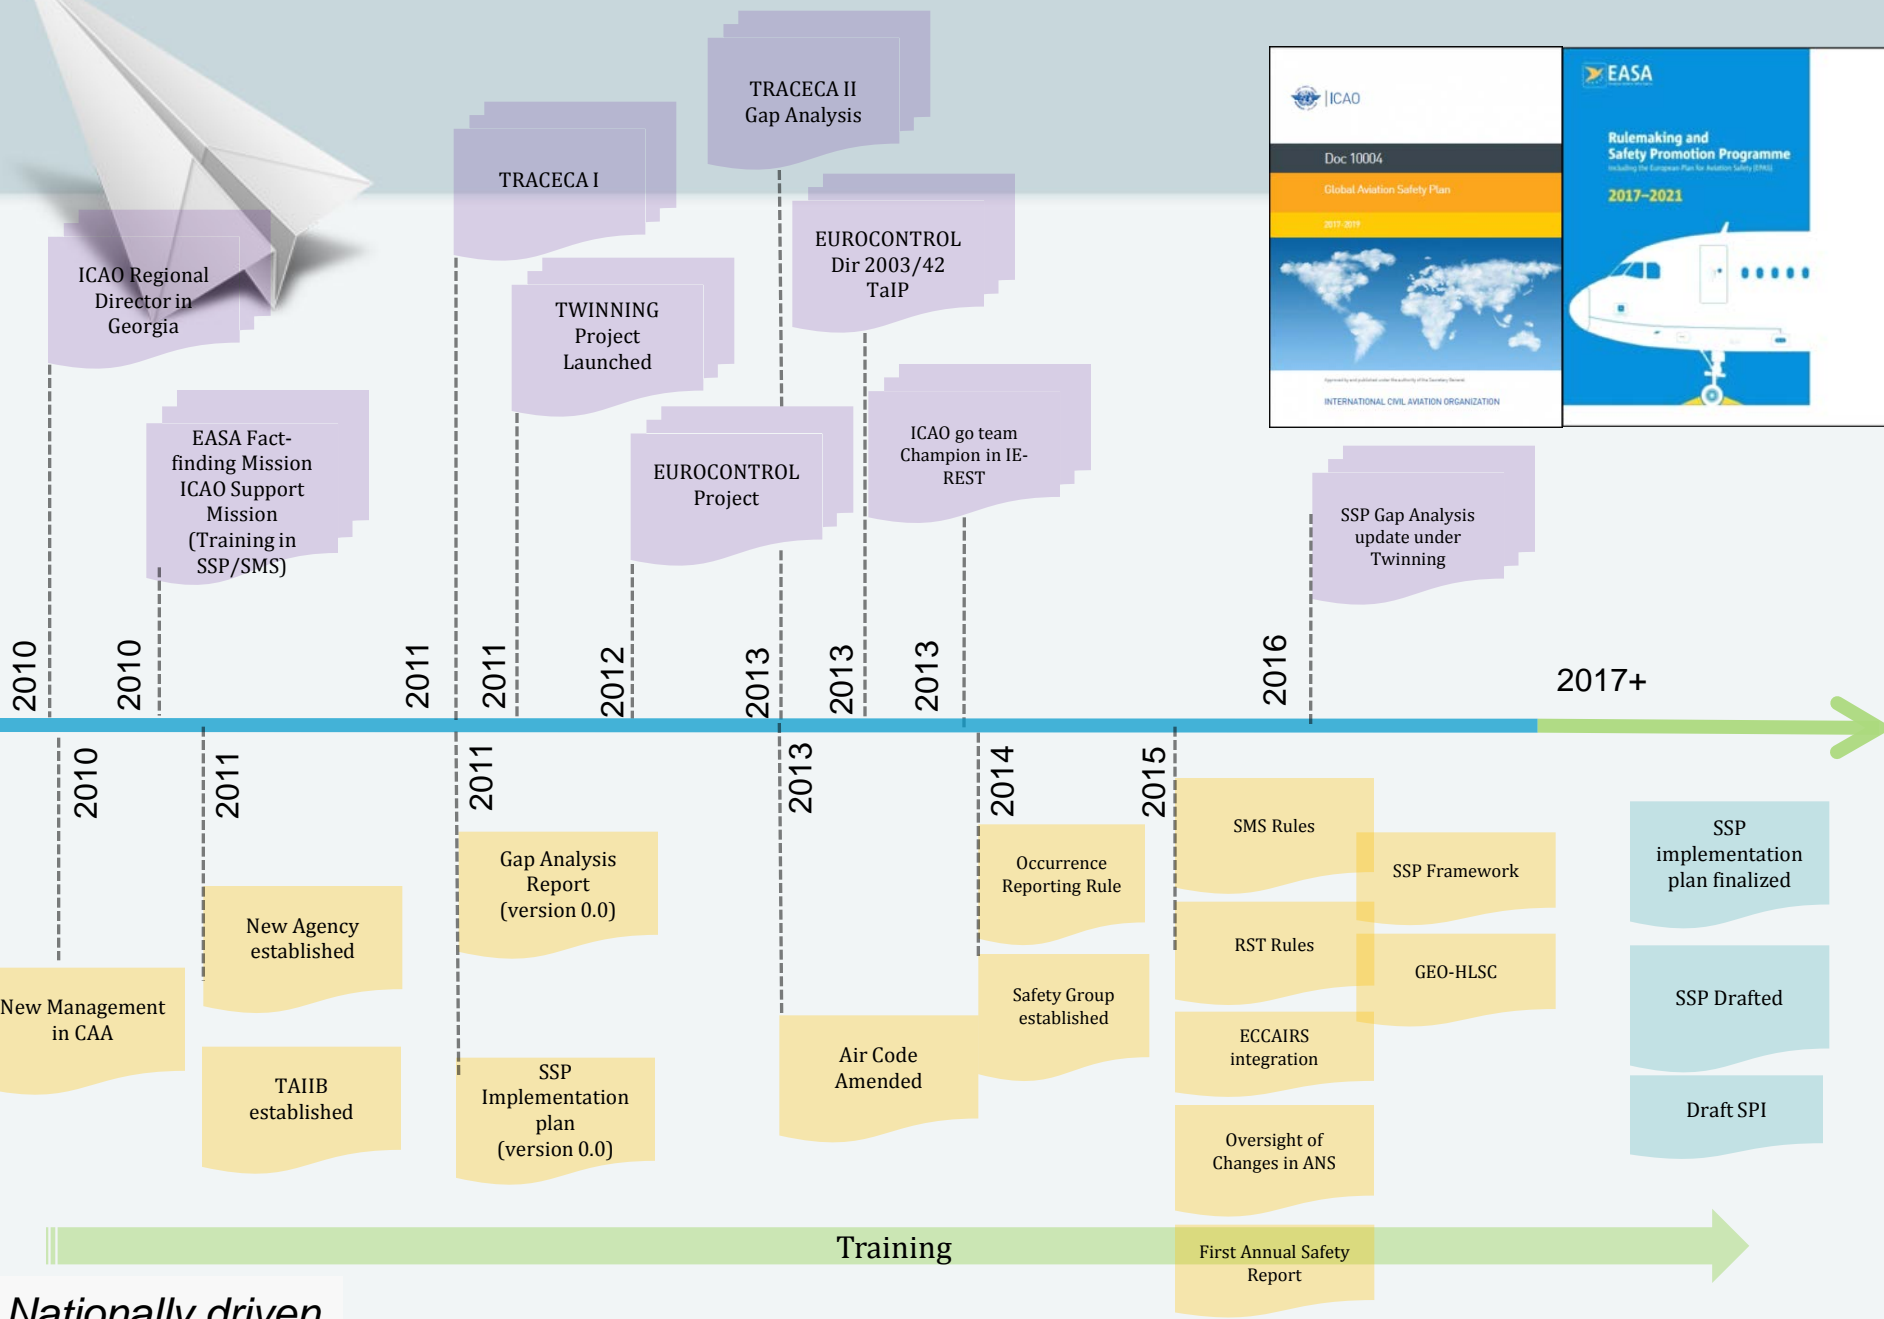

**ICAO Regional Safety Management Symposium
Tallinn, Estonia, 16-18 October 2017**

*Levan Karanadze
CAA Georgia*

Major Milestones of SSP/SMS implementation

Internationally driven

Nationally driven

Identified Problems

- Personnel competency
- Reluctance
- Weak national requirements
- Speaking different language
- Size and maturity of organizations

SPI challenges

- Lack of needed information
- No methodology
- Connection with global SPI
- Reporting

How we see it in motion

Information from oversight Activities
and Occurrences Analysis

Proposed Safety Indicator

SMART Safety Performance Indicator
and target

Approving ALoSP

Dissemination to relevant parties

Monitoring, Revision, producing
corrective actions

Thanks!

Will be glad to have a chat 😊
