

Motivation through Collaboration and Validation

Gwen Mazzotta
Embry-Riddle Aeronautical University

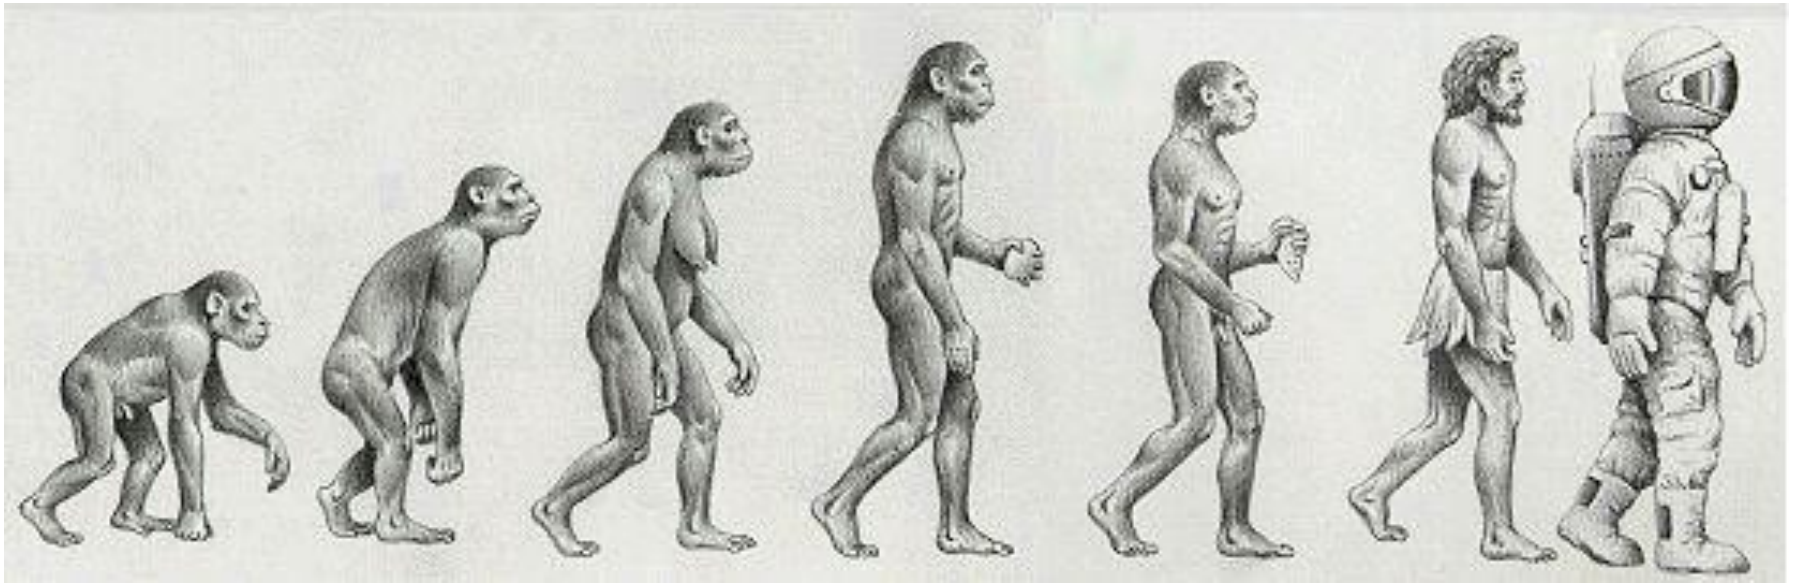

Overview

- * Why did I choose to study Commercial Space Operations?
- * What is unique about the industry?
- * Why are collaboration and validation so important for the industry's youth?
- * How do these actions motivate the next generation?

“When I grow up...”

All Mankind

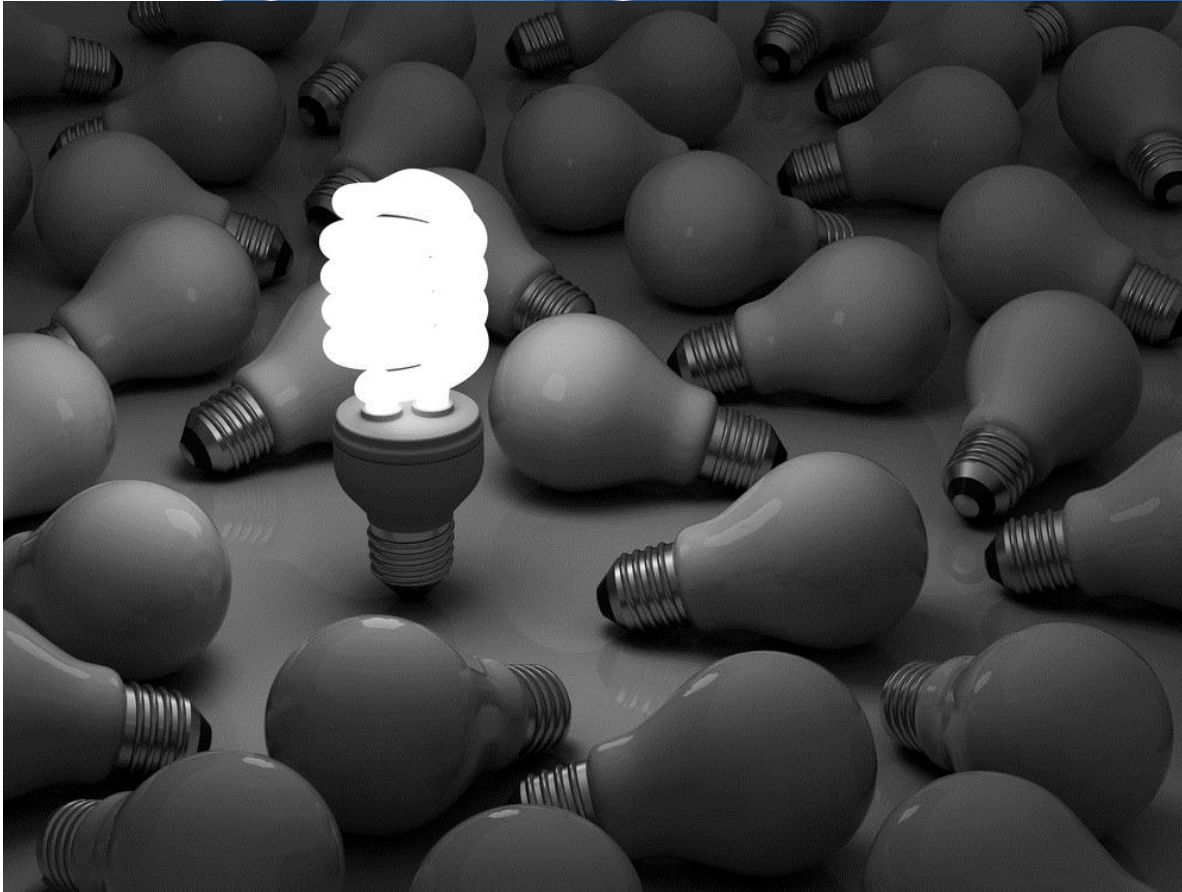

Interdisciplinary Industry

- * Engineering
- * Technology
- * Business
- * Policy/Law
- * International Relations
- * Human Factors
- * Entrepreneurship
- * Much more...

Collaboration

Validation

Motivation

Moving Forward

Summary

- * Commercial space has passionate individuals
- * Unique sense of unity of mankind
- * New paradigm = new opportunities
- * Demonstrate the interdisciplinary nature of commercial space
 - Collaboration and validation
- * Motivation will result

Thank You
