ICAO

UNOOSA

# SPACE2016

## ICAO Update

- 2015 Progress
- 2016 Outlook
- 2017 and Beyond

## 2015 Progress

- The first symposium was held
- The Learning Group increased in membership
- A inventory of issues was created
  - Currently there are 10 identified issues
- A sub group worked on input for the Global Plans

ICAO

UNOOSA

# SPACE2016

## 2016 Outlook

- Commercial Space is mentioned as an emerging issue in the Global Plans
- There will be a pamphlet on Commercial Space distributed at the Assembly

## 2017 and Beyond

- Work will begin on scoping and planning for four work-streams
  - Safety Management of Airspace
  - Dual use Air and Space ports
  - Air Launches
  - Space Planes

ICAO

UNOOSA

# SPACE2016

## Principles for progressing the work

- 1) Knowledge and experience based
- 2) Inclusive, Agile, Borderless
- 3) Harmonization through imitation

**Best of all worlds**
