Agenda Item # 8
ICAO Training Workshop

Round Table Discussions: Optimizing Aviation Capacity

—

13 June 2024

ICAO Training

Capacity Development and Implementation Bureau

ICAO TRAINING

Workshop Agenda

1 **Introduction**
11h00

2 **Round Table Discussions**
11h15-13h00

Lunch Break

13h00 – 14:00

3 **Round Table Conclusions**
14h00

4 **Closing Remarks**
14h50

ICAO TRAINING

Introduction

Objectives

- To generate 5 dynamic round table topic discussions (5-6 pax/table)

- Identify collective solutions to address challenges faced by training organizations at a regional level.

- Share best practices and propose innovative approach to the challenges presented in each Table Discussion

Round Table Discussion
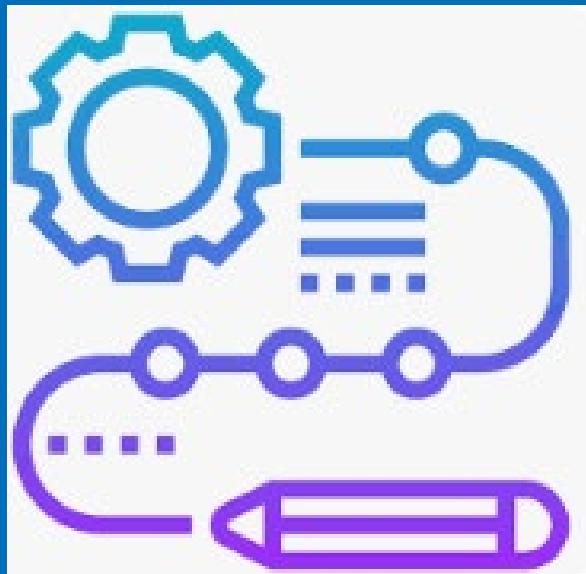

Procedure

- Distribution of group/table topic

- Join your group discussion

- Analyze topic and engage in a proactive discussion

- Select a Moderator who will capture key takeaways that highlight discussion

Round Table Topics

Table Topic 1:

Regional Availability of Qualified Instructors

Table Topic 2:

Alignment of National and Regional Training Needs

Table Topic 3:

Regional Standardization and Harmonization of Training Programmes by Area

Table Topic 4:

The Role of Training in the Empowerment of Women in Aviation

Table Topic 5:

Challenges and Opportunities in adopting Artificial Intelligence (AI) to Improve Aviation Training Practices

ICAO TRAINING
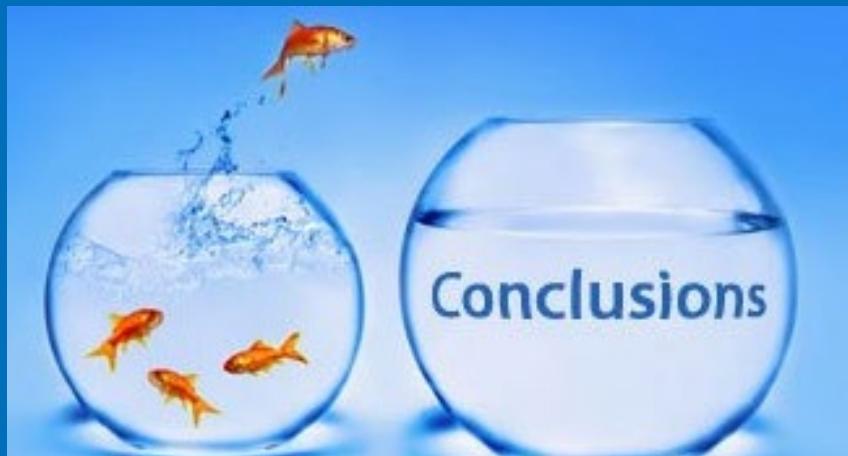

Table Conclusions

Moderator Presentations

- Each Table Moderator has 10-12 minutes to present their table conclusions.

ICAO TRAINING

Optimizing Aviation Capacity within the Working Group Members

Location: Hyatt Regency

Time	Description	Moderated by
	Table Topics Discussions	
11h00	**Introduction** Five (5) round table topic discussions are facilitated by Working Group Members, aimed to stimulate group participation, while addressing current challenges faced by Working Group Members at a regional level.	ICAO Secretariat
11h15	**Round Table Discussions** Each group will be encouraged to analyze and present their strategies and actionable solutions on the given topics.	
	Mesa Redonda 1: Disponibilidad regional de instructores calificados Existe un aumento de la demanda de cursos de formación en todas las regiones, también existe la necesidad de crear un listado (pool) regional de instructores calificados para optimizar la eficiencia. En este contexto, se necesita definir una estrategia y un mecanismo regional para que los miembros del grupo mejoren la colaboración y garanticen que haya suficientes instructores disponibles en todas las áreas.	Moderadora: Elisa Naches, CIIASA, México
	Table Topic 2: Alignment of National and Regional Training Needs Given increased multi-stakeholder involvement in aviation training, there are increasing communication gaps and inefficiencies created at national and regional levels. In this context, how can Group Members engage more actively with Government and Industry to raise awareness and become key players in supporting course development and delivery based on national and regional training plans (i.e. Collaboration to select relevant courses to be developed and delivered).	Moderator: Adrian Hoefer FAA, United States

	Mesa Redonda 3: Estandarización y armonización regional de los programas de instrucción por área El grupo deberá discutir los desafíos y beneficios de contar con la estandarización/armonización de los programas de capacitación a nivel regional. ¿Cómo puede este grupo de trabajo abordar y contribuir a este tema? Hay que proporcionar recomendaciones y próximos pasos para una posible implementación futura.	Moderadora: Clara Fernández ASCA, República Dominicana
	Mesa Redonda 4: El rol de la instrucción para el empoderamiento de las mujeres en la aviación Dada la gran importancia de la igualdad de género en la aviación, existe una necesidad emergente de desarrollo profesional y de liderazgo para las mujeres en la aviación. ¿Cómo pueden los miembros del grupo aumentar sus esfuerzos y colaborar para seguir contribuyendo a la consecución de este objetivo? ¿Qué enfoque estratégico puede formularse para alentar esta iniciativa a fin de influir en los responsables de la toma de decisiones para que aprueben la financiación del desarrollo de su personal femenino?	Moderador: Omri Amaya UNAH
	Table Topic 5: Challenges and Opportunities in adopting Artificial Intelligence (AI) to Improve Aviation Training Practices Explore the challenges and opportunities of adopting AI in aviation training practices for Group Members. What challenges should be addressed, and what potential improvements do you foresee to harness AI's benefits for a safer and more efficient aviation industry?	Moderator: Raúl Melchor ICCAE, COCESNA
14h00	**Round Table Conclusions** Table Moderators have five minutes to present their conclusions.	Table Moderators
14h50	**Closing Remarks**	ICAO Secretariat

Round Table Participants
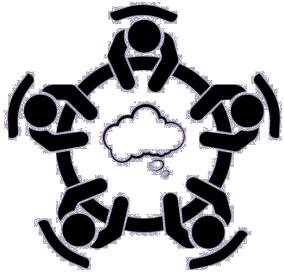

Mesa Redonda 1 (Moderada por Elisa Alejandra Naches México):

Disponibilidad regional de instructores calificados

Participantes:
- **Juan Francisco Alfonso Doval, Cuba**
- **Edna Edith Muñoz López, México**
- **Gustavo Felipe Rosalino, México**
- **Vanessa Byas, República Dominicana**
- **Nicolás Divaris Sepúlveda, República Dominicana**
- **Rodolfo Araya Naranjo, UACA**

Mesa Redonda 3 (Moderada por Clara Fernández, República Dominicana):

Estandarización y armonización regional de los programas de instrucción por área

Participantes:
- **Inés Álvarez Izaguirre, Cuba**
- **Tamara Nigzan Gómez, Cuba**
- **María Isela Cárcamo Vega, Honduras**
- **Víctor Manuel Sánchez Dominguez, México**
- **Mario Israel Vázquez Vázquez, México**

Table Topic 2 (Moderated by Adrian Hoefer, United States):

Alignment of National and Regional Training Needs

Participants:
- **Delvin Major, Bahamas**
- **Yazmyn Brown, Bahamas**
- **Rakesh Singh, Trinidad and Tobago**
- **Kervyn Billouin, Trinidad and Tobago**
- **Lorraine Karen Ramjattan, Trinidad and Tobago**

Mesa Redonda 4 (Moderada por Omri Anaya, UNAH):

El rol de la instrucción para el empoderamiento de las mujeres en la aviación

Participantes:
- **Ima Gisela Alba Figuerola, Cuba**
- **Cynthia Alejandra Poot Rodríguez, México**
- **Susana Navarro Martell, México**
- **Cristian Carrasco Ramírez, República Dominicana**

Table Topic 5 (Moderated by Raúl Melchor, ICCAE):

Challenges and Opportunities in adopting Artificial Intelligence (AI) to Improve Aviation Training Practices

Participants:
- **Gwendolyn Ritchie, Bahamas**
- **Tiffany Reid, Bahamas**
- **Marlon Gooden, Jamaica**
- **Kerry Ann Barrett, Jamaica**
- **Schedir Nefertiti Illoldi, United States**
