**1. Introduction**

1.1 The Final Report of Twentieth One Meeting of the CAR/SAM Regional Planning and Implementation Group (GREPECAS/21) presented the progress with GREPECAS Dashboards, recalling that these dashboards are to report, monitor and follow up on the implementation of the different Air Navigation Services (ANS).

1.2 The GREPECAS Dashboards have been implemented under the ICAO iSTARS 4.0 Platform on the Secure Portal (<https://portal.icao.int/>).

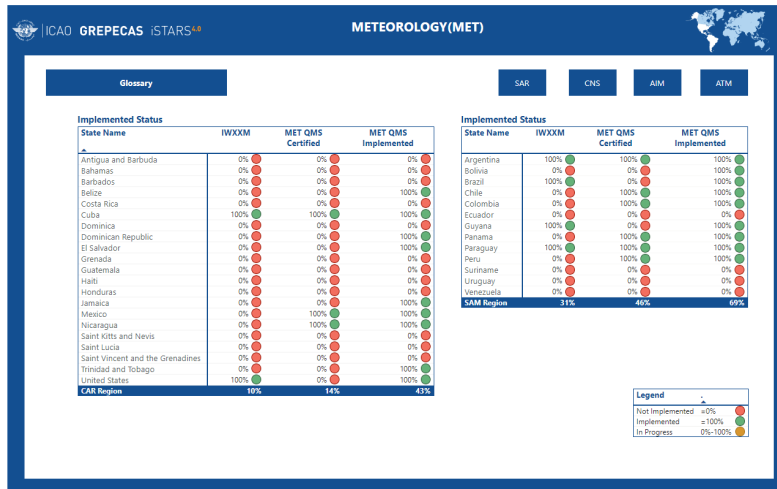

**2. Information**

2.1 The GREPECAS Dashboards allow the implementation of a measuring system for the State to visualize the current level of implementation, and the expectations and/or implementation goals of the GREPECAS Programs and Projects for the different Air Navigation Services (SNA):

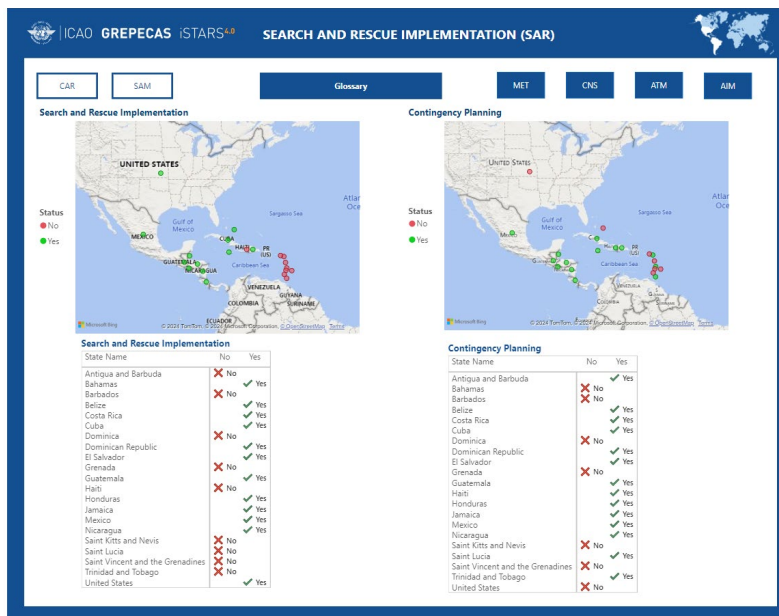

- Air Traffic Management;
- Communications, Navigation and Surveillance;
- Aeronautical Information Management;
- Aeronautical Meteorology;
- Search and Rescue; and

- Aeronautical Meteorology (SAM and CAR Region):

- Search and Rescue (CAR Region):

- Aerodrome and Ground Aids (AGA) - the data was updated (see WP/13), in the process of creating the graphs in GREPECAS Dashboards.

2.3 At the In-Person Phase GREPECAS/22 Meeting, taking place from November 20 to 22, 2024, at the SAM ICAO Office in Lima, Peru, the Secretariat will present the process for data updating, where States will manage their own data, and ICAO Regional Officers from each area will perform the validation with the States. This continuous updating process aims to ensure the data remains current and allows for the effective monitoring of progress in GREPECAS Processes and Projects.

2.4 The Meeting is invited to note this information.
