Update on the Secretariat Study Group on the USAP-CMA recent developments

USAP-CMA Objective

To improve global aviation security through auditing and continuous monitoring of the aviation security performance of Member States.

The USAP-CMA assesses:

- The sustainability of a State's aviation security system through the Effective Implementation (EI) of the Critical Elements (CEs) of an aviation security oversight system; and
- The indicative degree of compliance with Annex 17 Standards and security-related Standards of Annex 9.

State's Aviation Security Performance

Sustainability Indicator

Average level of effective implementation of the eight critical elements of a State aviation security oversight system

Compliance Indicator

Indicative level of compliance by the State with the Standards of Annex 17 and the security-related Standards of Annex 9

USAP-CMA supports Assistance and Policy Development

- Generates up-to-date State-specific and regional data which provides useful and critical information to facilitate the provision of targeted and tailored assistance to States
- Provides valuable feedback to ICAO for the development of SARPs and guidance material
