

## DANGEROUS GOODS PANEL

Frankfurt, 16 to 20 September 2002

- Agenda Item 2 Development of recommendations for amendments to the Technical  
: Instructions for incorporation in the 2005/2006 edition

### CLASS 9 HAZARD WARNING LABEL

(Presented by G. A. Leach)

#### 1. INTRODUCTION

1.1 Figure 5-21 in the Technical Instructions is the Miscellaneous dangerous goods Class 9 hazard warning label. However, if compared with the Class 9 label on page 429 of the 12th revised edition of the UN Recommendations it will be seen that it differs, in that it has a horizontal line joining the opposite corners. It is suggested that the label appearing in the Technical Instructions should align with the version in the UN Recommendations.

#### 2. PROPOSAL

2.1 It is proposed to replace the label appearing as Figure 5-21 with the corresponding label in the UN Recommendations.
